Founded on October 15th, 1979 by: Arthur Goble, Fred W. Westbrook, John Snook, Roy Bischoff & Lewis Quince

Our May meeting was held at the shed with 32 members in attendance. Anne Marie read the financial report and it was approved.

The major discussion topic of the evening was the STATE FAIR badges. New badges are required and pictures will be taken at the next meeting so, if you plan on working during the fair you must attend the next meeting where the picture will be taken.

Kevin Adams won the evenings 50/50 (in the amount of \$28.00) and generously donated the funds back to the club...thank you Kevin.

SPRING PLOW DAY & TRACTOR SHOW

May 4th 2013

Green Valley Farms

997 Route 23, Wantage NJ

This years Plow Day Event was held at the **Green Valley Farm** in Sussex, New Jersey. Owners of the farm, Duce and Joy Tallamy, were very kind to open up their farm and fields to the Engine Club for a day of plowing. With 15 tractors and plenty of club members ready to go to work, it didn't take to long to get started on the 35 acres of ground. We have a lot of members who really look forward to this event. For some of our members, who are retired farmer or worked on a farm in their youth it brings back memories of the smell of fresh turned soil and the anticipation of a good harvest.

An interesting footnote to the event...Club member Chuck Klim grew up on this farm along with his two brothers Bob and Dave, who both came down from New York State for the day. It was fun listening to them talk about the farm when they were kids back in the 50's and 60's. Chuck and his brothers commented more then once on what a great job Duce and his family have done with the farm. It is really a show place in northern Sussex County.

To top off the day, the Tallamy family cooked up some really tasty barbecue for lunch and served ice cream for desert. The Engine Club would like to thank everyone who participated in Spring Plow Days this year. It was a real success.
