

The Line Shaft

The Official Newsletter of the

NORTH JERSEY ANTIQUE ENGINE & MACHINE CLUB

May 2019

President: Chuck Klim
973/903-3583

Vice Pres: Paul Havens
973/222-7403

Treasurer: Dave Betts
908/303-1994

Secretary: Mary Muys
973/534-6781

Founded on October 15th, 1979 by: Arthur Goble, Fred W. Westbrook, John Snook, Roy Bischoff & Lewis Quince

President Chuck Klim welcomed everyone and brought the meeting to order.

Mary Muys read off the minutes from last months meeting. Dave Betts then read off the bills and bank statements, which are on file with both the President and Secretary. The bills were approved for payment. Dave gave an update on the status of our non-profit with the IRS and the good news is, the application for exemption has been approved.

Dave also indicated we still have 15 members who have not paid their dues.

A discussion developed on the seminars for the State Fair. Andy Mackey made a suggestion of running the Oil Field Engine around 7 P.M. every night during the State Fair week, along with the Hit & Miss Engines...and possibly running the lathes and having a drill bit "sharpening" demonstration. Dave Betts stated that we need to know if and "what" seminars we are going to present by the end of May...so as to make the deadline for the Fair's daily flyers etc. Blaise said he will help Andy get going with both subjects and members to present and Paul Havens said he may talk about Gravely Tractors. Bill Castimore dropped off an extremely "unique" Hot Air Engine, which we also hope to do a seminar on at the Fair. The engine still needs a bit of work, particularly its stand as it's a "very" heavy engine and could easily tip over. Dave Betts said he has HD casters to put on the platform to make it more sturdy and easier to move around.

Dave also pointed out that the *Frankford Main Library* has a machine that can print out banners for you, with many sizes to choose from and that are very reasonable. We may use them to get a banner or two for our club before the Fair.

Paul Havens talked about revisiting the clubs By-Laws and "creating a committee" to get it updated and to share it with the members.

A short discussion was held on upcoming events, including Plow Day on April 13th, with a rain date of the 20th, the Military Show & Swap Meet on April 27th and 28th and the Memorial Day Parade...note: post parade, we will line up the tractors in front of the Firehouse on Railroad Ave. and are again invited to stay for food and refreshments!

Our next General Meeting will be at 7PM on Thursday May 9th at the SHED!
