New Jersey State Fair
Sussex County Farm & Horse Show

We would again like to thank all members who, in the weeks leading up to the event, put in the extra time and effort to make it all possible...and also those who put in long hours manning the shed during the FAIR and sharing our interest in antique engines, tractors and equipment with the public!

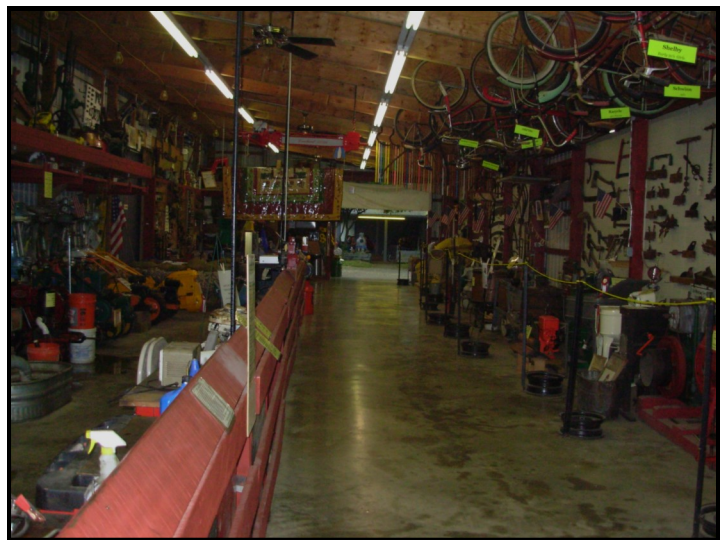

Our next meeting will be at 6 PM (this is earlier than normal) on September 14th at the SHED and will be our annual end of summer "pot-luck picnic"...hotdogs and hamburgers will be provided by the club; please bring side dishes, desserts and beverages!

Labor Day Weekend...September 2,3,and 4, 2017

The unofficial end of summer...and a time to enjoy with family and friends!

The first Labor Day celebration was held in 1882 in New York City as a celebration of Organized Labor's and the common worker's contribution to the American economy. Many states picked up on the idea and the 1st Monday in September became a federal holiday in 1894. Originally intended as a showcase for parades, festivals and long winded speeches, it has morphed into a series of much lower case events...i.e. backyard barbecues, a day of rest, the start of the school year and the beginning of the fall sports season.
